### POLICY

#### *Overview*

Eagles Nest Theatre Company supports the rights of all persons covered by the policy to work in an environment that is, so far as is reasonably practicable, safe and without risks to health.

Eagles Nest Theatre Company is committed to the promotion of a joint and united approach to consultation and resolution of Work Health and Safety issues.

Eagles Nest Theatre Company is committed to improving health and safety with a view to improving workplace efficiency and productivity. This will be accomplished through the ongoing development, in consultation with Eagles Nest Theatre Company's Safety Representatives, of management systems and procedures designed to, so far as is reasonably practicable:

- identify, assess and control workplace hazards;
- reduce the incidence and cost of occupational injury and illness; and
- provide a rehabilitation system for those affected by occupational injury or illness.

Work Health and Safety statutory requirements, including regulations and codes of practice, are minimum standards and so the aim is for them to be improved upon, where practicable.

#### *Bullying and violence at work*

Eagles Nest Theatre Company is committed to reducing bullying and occupational violence so far as is practicable in the workplace.

### ***Breach of this Policy***

Any breach of this policy may result in counselling and/or disciplinary action, which, in the case of employees, may lead to dismissal, or, in the case of volunteers, may lead to the cessation of their engagement.

Any breach of this policy by a contractor may result in cancellation by Eagles Nest Theatre Company of the services provided by that contractor.

## PROCESSES

### Manual

Detailed Work Health and Safety procedures are as set out in the organisation's Work Health and Safety manual.

### Health and Safety Committee

Management should review the relevant legislation for Victoria to determine whether a Health and Safety Committee is required for the workplace. Management should also consult with the Health and Safety Representatives and the Human Resources Department to determine if a Committee is required at their site.

Where a Health and Safety Committee is required by legislation, or where the Managing Director otherwise deems it necessary, Eagles Nest Theatre Company will establish a Health and Safety Committee.

Management must ensure that employee representatives are selected appropriately and that the Committee is established and conducted in accordance with the applicable legislation.

### *Occupational Health and Safety Committee Membership*

The number of Committee members will be decided and agreed by management, in consultation with employees.

Elected health and safety representatives may also be Health and Safety Committee members. At least half the Health and Safety Committee members must be employee representatives.

Health and Safety Committee meetings are to be conducted at least every three months. An agenda will be established prior to the meeting and issued to all persons attending the meeting. Minutes will be taken and forwarded to all Health and Safety Representatives, and copies shall be made available to all employees.

Eagles Nest Theatre Company encourages sites to invite appropriate visitors to attend the Occupational Health and Safety meetings and positively contribute.

### *Occupational Health and Safety Representative*

Where required by law, or where deemed necessary, designated work groups shall each elect a Health and Safety Representative as their elected spokesperson.

Health and Safety Representatives are encouraged to work with management to discuss Work Health and Safety issues, and to work with management to improve health and safety standards.

### Occupational Health and Safety Forums

Where the organisation is not required to establish a Health and Safety Committee, and does not otherwise establish such a Committee, the organisation may conduct regular Health and Safety forums.

### Review of Policy and Procedure

This procedure will be reviewed annually by the Managing Director in consultation with the Health and Safety Committee (if relevant) and Health and Safety Representatives.

The review will involve assessing the effectiveness of the procedures by (among other things):

- reviewing overall health and safety performance; and
- monitoring the effectiveness of policies and procedures.
